## About the foundation

**At the Caroline Chisholm Education Foundation, our work and scholarships break down financial barriers to education, creating real opportunities for students facing hardship.**

By supporting scholarships at Chisholm Institute, we empower our students to transform their lives and communities.

Inspired by civil rights pioneer Caroline Chisholm, we connect diverse people to vital support, helping build a skilled workforce and a stronger local economy.

100 per cent of donations go directly to students.

Chisholm Institute generously supports the Foundation by fully resourcing all administration and related costs, all gifts and donations directly fund student scholarships, to ensure maximum impact.

Donating to our Foundation means you'll be changing lives for the better.

Scholarships help students to gain a qualification by:

- > Bridging the gap between subsidies and tuition fees.
- > Cover essential material costs.

## About our scholarship recipients

Everyone has a story. Many students face overwhelming challenges that make education feel out of reach.

Our applicants include those dealing with:

- > Mental and physical disabilities.
- > Financial struggles amid rising living costs.
- > Family hardship and personal trauma.
- > Domestic violence and unstable housing.
- > Forced relocation as refugees fleeing conflict.
- > Single parents relying on welfare.
- > Homelessness and extreme hardship.

We're here to provide vital support, helping students build skills, boost confidence, and open doors to better jobs and brighter futures.

Because when life gets tough, education can be the turning point.
